RXB Lithium
Powerstation

RKB Lithium Powerstation

Do you want to spend some time outdoors; however, you don't want to miss the comfort of electronic devices? With the new RKB Lithium Powerstation, it is not a problem anymore. Because of the PeliCase – especially developed for outdoors – you always have safe and sturdy energy storage on hand. You can operate devices over a 12V DC socket (e.g. light, cool box, notebook power supply, ect.) everywhere and anytime. With an additionally attached USB – port you are also able to charge your GPS or mobile phone.

RKB Lithium Powerstation 12V / 30Ah

Art.Nº.: 1.004.0896

Voltage:	12V DC (8,25V – 12,6V)
Capacity:	30Ah
Charge current:	up to 10A
Max. discharge current:	20A continuous
Self discharge:	<3% per month
Dimensions:	210 x 170 x 90 mm
Weight:	approx. 2,5kg

RKB Lithium Powerstation 12V / 100Ah

Art.Nº.: 1.004.0898

Voltage:	12V DC (8,25V – 12,6V)
Capacity:	100Ah
Charge current:	up to 50A
Max. discharge current:	100A continuous
Self discharge:	<3% per month
Dimensions:	424 x 332 x 111 mm
Weight:	approx. 8,5kg

RKB Lithium Powerstation 12V / 50Ah

Art.Nº.: 1.004.0897

Voltage:	12V DC (8,25V – 12,6V)
Capacity:	50Ah
Charge current:	up to 25A
Max. discharge current:	50A continuous
Self discharge:	<3% per month
Dimensions:	296 x 212 x 96 mm
Weight:	approx. 4,2kg

RKB Lithium Powerstation 12V / 150Ah

Art.Nº.: 1.004.0899

Voltage:	12V DC (8,25V – 12,6V)
Capacity:	150Ah
Charge current:	up to 75A
Max. discharge current:	100A continuous
Self discharge:	<3% per month
Dimensions:	424 x 332 x 111 mm
Weight:	approx. 11,5kg

Connection

USB-Port

12V DC socket

Anderson plug

Accessory

Highvoltage
adapter cable

Quick charger
12,6V / 20A
